If paying by credit card, please complete this section:

Card #: _____

Expires: ____/____/____ CVV: _____

Include billing address for Credit Card IF different from above

Address _____

City _____ St _____ Zip _____

Important Information about enrollment in The Charterboat Consortium

Membership in The Charterboat Consortium (TCC) is open to any individual engaged in the marine industry (boat owner, captain, deckhand, etc.) who is a member of the National Association of Charterboat Operators (NACO). Membership is for ONE year and begins the date this application is approved through 11:59 p.m. of the anniversary date. Annual membership costs will be \$80.00 per person per year. (\$90.00 per person for members located in Alaska, Hawaii, Puerto Rico, Guam or the Virgin Islands.) (Renewals with NACO Membership \$75/\$85.)

TCC will provide Member: (1) A specimen collection site within thirty miles of members home, work location or may collect onsite. (2) Laboratory testing as outlined in current Federal Regulations. (3) Computer generated random drug selection of employees by Social Security number. (4) Medical Review Officer (MRO) services including verification of test results, chain of custody verification, and interview of employee/contractor in case of positive tests. (5) Management Information System reporting to the Coast Guard, as required by 46 CFR part 16. (6) Coast Guard notification of non-compliance with 46 CFR part 16 upon company/member termination, failure to test, or positive test results. (7) Identification cards for all enrolled employees/contractors- to be used as proof of the employee's enrollment in a random drug testing program. (8) A letter confirming Members compliance for use during Coast Guard review of Company program. (9) A company drug testing policy, copies of Coast Guard regulations, testing procedures, (10) Employee Assistance Program materials and (11) Drug and Alcohol Training for Supervisors and Employee when needed or requested.

Notification of member (captain or crew) of random selection will be by: telephone, mail, email, text message or while onsite. If a Designated Employer Representative (DER) is provided (**and suggested,**) the DER will be notified of the random test selection and shall notify the employee when they are available for testing **Once notified**, members are to proceed **IMMEDIATELY** to a designated collection site. (Contrary to the urban legends circulating among some employees, immediately does not mean two hours. Immediately means that after notification, all the employee's actions must lead to an immediate specimen collection.) If Gulf South Resources, Inc. is unable to locate member within a reasonable period, the member will be notified by "Certified Mail." Members must then complete testing as soon as possible. Once the employee is notified to report for testing and the test does not occur, the opportunity for the random testing is over and the test will be reported as a REFUSAL. Any refusal will be reported as such to the local United States Coast Guard Investigations Office and consequences will occur. If the DER is having trouble scheduling the donor, they should contact GSR for guidance

Any person joining a drug-testing program must have a pre-employment test upon enrollment to verify their drug-free status, unless exempt. A person shall be deemed exempt from the pre-employment test if he/she has had a Department of Transportation (DOT) approved drug test within 6 months before enrollment or has been subject to random testing for 60 consecutive days within the past 180 days, as per 46 CFR part 16. TCC can only confirm compliance by having a copy of pre-employment testing or a copy of waiver documentation, as described in 46 CFR, part 16 on file. TCC can arrange the pre-employment test with a Quest or LabCorp collection site* for an additional \$65 per test. Please circle YES or NO on page 1 indicating your requirements. *Contact TCC Consortium for the cost of testing at other locations, as some areas are substantially higher.

Enrollment: Covers costs of random, reasonable cause and post accident drug tests for enrolled persons, regardless of the number of times each person is selected for tests during that one year period.

Failure to abide by the above conditions will result in your removal from The Charterboat Consortium and forfeiture of all membership fees. The Coast Guard will be notified when a member is no longer in the consortium.

I understand and agree to the above conditions of membership in The Charterboat Consortium.
